Science of Skulls Filmmaking Summer Camp
Open to All Middle Schoolers Grades 6-8

Camp fills fast! Apply by June 27th.

» Write, film, and produce your own short science films related to the Academy’s “Skulls” and “Islands of Evolution” exhibits, with the help of professional filmmakers from the Academy’s Visualization Studio

» Work with the Digital Learning team, Academy scientists, and other experts to explore skulls, evolution, and biodiversity

» Investigate how to be a scientist and communicate exciting science stories

» Discover the wonders of the Academy and learn what it means to explore, explain, and sustain the natural world

» Take home your video and assets

» Lunch provided every day

Program:
Monday-Friday, July 14th-18th, 9AM-3PM

Price:
$400 for the weeklong program
$360 for Academy members
