Middle Grades Parent Technology
Workshop Series 2014-15

Sign up now! Pre-registration required.

FAMILY FUN NIGHTS!

Parents bring your student with you, and learn about tech together!

January-March 2015

DIGITAL MUSIC Workshop: Spend time in a sound studio, creating your own music!

Wednesday, January 21 from 6-8pm

CODING (Programming): Learn the basics of coding and develop an application for computer or phone.

Wednesday, January 28 from 6-8pm

WEARABLE ELECTRONICS: Create your own wearable, electronic piece!

Thursday, January 29 from 6-8pm

MAKER STUDIO
Experience the emerging maker movement in education that combines science, art, tech and creativity! Work as a team with your student to practice soldering and circuit assembly to create gadgets that light up, move or make sound.

Wednesday, March 11 from 6-8pm

To sign up before event date arrives (spaces are LIMITED):
