Do you like animals? Have an interest in learning about careers with animals? Would you like to spend your summer teaching people about animals?

**YOU ARE INVITED TO ATTEND THE SAN FRANCISCO ZOO'S NATURE TRAIL ORIENTATION**

**SATURDAY, FEBRUARY 18, 2017**  
**OR SUNDAY, FEBRUARY 26, 2017**  
**10:00am-12:00pm**

Meet at the Zoo's main entrance located inside the fee-based parking lot  
Free parking is available on Sloat Boulevard or park in the lot for $12

The San Francisco Zoo’s Nature Trail volunteers work with mammals, birds, reptiles, and amphibians, educating zoo visitors about wildlife. We offer a scholarship, which is based on economic need or special circumstances; applicants must qualify for the scholarship program. Depending on your need, the scholarship provides all or part of the following: uniform, handbook, Zoo family membership, a daily Muni bus pass, and lunch each day the student volunteers at the Zoo. It does not include a paid stipend.

- This year the Nature Trail Program will take place from June 3 through Labor Day, September 4
- You must commit to working two days per week for the entire summer
- To volunteer on the Nature Trail you must be between the ages of 12-14 (you must turn 12 by June 1, 2017)

In order to understand the commitment involved, we ask that a parent or guardian attend the orientation with any potential volunteers.

Please contact the Koret Animal Resource Center at (415) 753-7076 with any questions, or email Tracy Nappi at tracyn@sfzoo.org.
